

## Windows 11 Essential Keyboard Shortcuts

Here's a mini printable reference guide for your workspace. Use it to quickly remind yourself until the muscle memory kicks in.

| <b>Purpose</b>      | <b>Shortcut</b>    |
|---------------------|--------------------|
| Show Desktop        | Win + D            |
| Lock Screen         | Win + L            |
| Settings            | Win + I            |
| Snap Layout         | Win + Z            |
| New Virtual Desktop | Win + Ctrl + D     |
| Task Manager        | Ctrl + Shift + Esc |
| Clipboard History   | Win + V            |
| Search              | Win + S            |
